

# MinervaDB Athena 2020

**Open Source WebScale Database Systems Infrastructure Operations Virtual Conference  
hosted by MinervaDB Inc.**

**Friday, 11 December 2020 (09:00 AM PST to 07:00 PM PST)**

# What is MinervaDB Athena ?

- This is an Open Source Database Systems Virtual Conference hosted by MinervaDB Inc. addressing Performance, Scalability, High Availability and Database SRE for building planet-scale internet applications.
- The objective of this program is purely knowledge sharing, networking and community development. This is totally a community focussed event for Database Architects / DBAs / Database Engineers / Database SREs, Production Engineers / DevOps Professionals / Systems Operations Team, Platform / Systems Architects / Engineers and Technology Architects / CTOs / Board Members / CEOs / Business Owners / Investors.
- A collection of free virtual events that features new technologies keynotes, production operations experience from thought leaders, best practices and customer success stories to build Database Infrastructure by rethinking every aspect of the business and applying automation for business excellence.
- **\* All keynotes and sessions will be recorded. Session recordings will be available in the MinervaDB YouTube channel.**

# ⊗ Topics – Vendor neutral and independent technology conference

- Database Architecture and Internals
- Performance Benchmarking
- Capacity Planning and Sizing
- Performance Diagnostics and Forensics
- Performance Tuning
- SQL Optimization
- Index Optimization and Tuning
- Disk I/O Optimization
- WebScale Database Infrastructure Ops.
- Database SRE
- Database Infrastructure Monitoring
- Performance Troubleshooting
- Partitioning (Vertical and Horizontal)
- DevOps and Automation
- Building Self-Healing Database Ops.
- MySQL
- MariaDB
- InnoDB
- RocksDB
- PostgreSQL
- ClickHouse
- NoSQL
- NewSQL
- Linux SRE
- Scale-out and Replication
- Database Clustering Solutions
- Database Infrastructure Upgrades
- Database Migration Stories
- Database Security / Privacy
- DBA Stories

# ⊗ How to Register for MinervaDB Athena 2020 ?

MinervaDB is excited to announce an full-stack Open Source Database Systems Conference – **MinervaDB Open Source Database Infrastructure Operations Virtual Conference 2020** focussing on MySQL, MariaDB, MyRocks, PostgreSQL, ClickHouse, NoSQL, Columnar Stores, Big Data, SRE and DevOps. addressing performance, scalability and reliability. This is a free virtual conference (hosted on [GoToWebinar](#)) and so you don't have to plan any travels or leave your family / friends during this global pandemic. This conference is scheduled for Friday, 11 December 2020 (09:00 AM PST to 07:00 PM PST) and you can register (**100% free**) for the conference [here](#). If you are interested to be on MinervaDB Database Infrastructure Operations Virtual Conference 2020 conference committee , Please contact our Founder and Principal Shiv Iyer directly – [shiv@minervadb.com](mailto:shiv@minervadb.com) and for event sponsorship / advertisements please contact [sponsorship@minervadb.com](mailto:sponsorship@minervadb.com)

# ⊗ Sponsorship Opportunities

	DIAMOND	PLATINUM	GOLD	SILVER
<b>Virtual Meeting Room for Exclusive Use</b>	•			
<b>Sponsor Designation in Session Room Name</b>	•			
<b>Logo Prominently Displayed on Post-Event Recordings</b>	•			
<b>Opportunity to Add Custom Question to the Post-Event Attendee Survey</b> Follow-up reporting will be provided with survey results	•			
<b>Pre or During Conference Email Blast: One time use of opt-in list to be sent by MinervaDB Inc.</b>	•			
<b>Sponsor Designation in Press Releases: Recognition as a sponsor in body of release</b>	•	•		
<b>Recognition During Plenary Session</b>	•	•	•	
<b>Opportunity to Post on a Virtual Job Board</b>	•	•	•	•
<b>Prominent Branding Throughout Virtual Conference</b>	•	•	•	•
<b>Sponsorship Cost</b>	<b>US \$10,000</b>	<b>US \$7,500</b>	<b>US \$5,000</b>	<b>US \$2,500</b>
